

# DASHAWN MITCHELL

Address: 120-60 168St, Jamaica, NY 11434 (718-810-5157)

E-mail Address: mitchelldashawn@gmail.com

## OBJECTIVE

To obtain a challenging full time employment position, that will contribute to my knowledge in Software Development

## EDUCATION

- **Rochester Institute of Technology**, Rochester, NY
- Bachelor of Science in Computer Science
- Graduation date: December 2011

## SKILLS PROFILE

- **Project Methodologies:** Agile/Scrum, Test Driven Development
- **Programming Languages:**
  - o **Experience in:** Java, Groovy, Bash (Unix Shell)
  - o **Familiar with:** HTML/CSS, JavaScript
- **Database Systems:** SQL, MySQL, MongoDB
- **Operating Systems:** Windows NT/98/XP/VISTA, Mac OS, Linux, Solaris, UNIX
- **Other Technical Skills/Technologies:** Eclipse, Apache Maven, Subversion

## EMPLOYMENT HISTORY

Media6Degress Inc, 37 East 18 Street New York, NY

June 2012 — July 2013

### QA Engineer/Java Developer

**Technologies Utilized:** Java, Groovy, MySQL, Bash (Unix Shell), Apache "Maven, Kafka, Cassandra, and Hadoop/Hive"

**Tools/Environments:** Mac, Linux, Eclipse IDE, Subversion, Jira (Agile Environment), Jenkins (Building projects)

- Constructed an automating testing application that developers can use in their local environment, to perform end-to-end testing and acceptance testing of M6D's Demand Side Platform (DSP) application.
- Maintained and updated a web application called Exchange Simulator that was used to simulate a Real Time Biding (RTB) environment between an exchange and M6D. This web application was also used as an integration test for the DSP application.
- Implemented functional changes to M6D's DSP and Data Management Platform (DMP) applications.

America Online Inc., 1020 Hull St Baltimore MD

June 2011 — December 2011

### Aol's Reporting Technology Intern

- Constructing an automated testing suite and framework for AOL Reporting Tool.
- Researched Behavior Driven Development, automated testing tools such as Cucumber, Selenium using Ruby, and Jasmine
- Gained experience with Agile Software Development Life Cycle

Sanborn Media Factory, Inc., 25W 31st New York

July 2010 — November 2010

### Web Developer Intern

- Programmed and maintain web sites and web content using a combination of xHTML, Javascript, JQuery, PHP, and classic ASP programming languages.
- Researched and practice creating applications for the Android mobile phone. Attempted to create an Augmented reality map app.

## PROJECTS

### M6D – DSP Testing Project

- Develop an automated end-to-end/acceptance testing tool that exercises M6D's DSP application and its features.
- Setup and started external applications needed to run the DSP environment.
- Populated SQL and NoSQL databases with default schemes.

#### **M6D – MySQL Conduit**

- Used Groovy Scripting language to develop a script that allowed users to transfer MySQL data between two MySQL Servers.

#### ACTIVITIES

- **Reading:** "Growing Object-Oriented Software, Guided by Tests", "Agile Software Development, Principles, Patterns, and Practices"
